Attendance and Punctuality

The two biggest factors contributing to success at advanced level are attendance and effort. Students who attend lessons and work hard do well. There will be differences from GCSE; there will be far more independent working, increased responsibility and a greater emphasis placed upon you as the learner. We also expect you to be organised, use your time efficiently and have a strong work ethic. Guidance will be given to help you develop these skills but, there are some general expectations that you should be aware of before embarking on a course in the college:

Attendance is directly correlated to attainment. Research indicates that a 5% absence rate can lead to a drop in achievement by at least 1 grade at advanced level, 10% 2 grades, etc.

An attendance rate of 90% may sound impressive in the first instance, but it actually means that a student only attends for 4.5 out of every 5 college days. Over the two year period, this means they would actually **miss eight weeks of curriculum time**.

Registration is taken at 8.50am each day prompt. For obvious safeguarding reasons, any student not marked as present (without prior notification) triggers a text message sent to the parent / guardian to ascertain the student's whereabouts.

Bursary Fund & Free School Meals

The College has a small bursary fund to help students who are likely to experience significant difficulties or financial hardship that could prevent them from continuing their studies. Application forms are available from the College Office.

Careers and University Guidance

Guidance on post-16 options is provided, including help to compile CVs, prepare for interviews and identify strengths and 'unique selling points'. Mr Hayward, a graduate from Cambridge University, will be mentoring Oxbridge candidates as well as those planning a career in medicine, veterinary or dentistry.

During the course of Year 12 we will invite to the College guest speakers from a range of backgrounds giving an insight into different career paths, apprenticeships, and employment opportunities as well as higher education courses.

Celebrating Success

A reward system is in place to highlight areas of outstanding performance so that recognition of achievement can be noted and success rewarded. This is to encourage all students and to help them reach their full potential.

Dress and Appearance

While there is no formal dress code, you are the senior students in our organisation and we count upon your co-operation to send the right messages to younger pupils in the High School. We expect that you will dress in a manner appropriate to a working environment. Clothing that is too revealing or likely to cause embarrassment must be avoided. Skirts, dresses or shorts which are higher than just above the knee, and tops which show the midriff are not acceptable.

Educational Trips and Visits

Throughout the year there will be educational trips and visits to support the curriculum in most subjects. We strongly advise each student to consult with their subject teacher in September to establish approximate dates and costs to allow for financial planning. If you believe you will have difficulty in participating due to financial constraints then the College may be able to offer support and guidance. Please see Ms McGuinness or Mrs Durban for guidance.

Enrichment Curriculum

Employers and universities want more than just grades. The enrichment programme at Reepham College provides the opportunity for you to develop skills outside your subject area, to work with a variety of staff and students, and to give you something that makes you stand out from the crowd.

Throughout your time at college, you will be timetabled Enrichment activities. Some sessions will help you gain the generic skills required to be successful at advanced level study while others will build on more specific skill sets.

Ethos and Expectations

As role models for younger pupils, you are expected to set a good example and part of your enrichment time will be used to mentor students in the High School or Primary School. We are delighted that you have chosen to continue your education at Reepham, we value your opinions and you will be treated with dignity, courtesy and respect. We will expect you to treat others in a similar fashion.

Exams

External A Level examinations will take place during May/June, mainly in college rooms C9 and C10 and individual exam timetables will be issued. Year 12 Assessments are held mid March.

Fire Procedure

In the event of a fire alarm being sounded on either the College or Main School site all staff and students must report to the field outside the rear college entrance. Please follow instructions provided by fire marshalls and adhere to the protocol and guidance in a quiet and orderly fashion.

ICT

All students will be issued with a personal email address, photocopying code, log-in and password to access the college ICT systems. If you experience difficulties logging on please complete the forms

available in the Learning Resource Centre or see Mr Frankland in the IT Support office adjacent to Room C6.

Leadership Opportunities - Senior Student Leadership & Deputies Team

Students appointed to this role will form part of the Headteacher's Council, develop their leadership qualities, be a visible and positive link between college and high school, play a role in public relations with outside agencies; local business links and the media, be involved in staff appointments and act as a figurehead for students.

College Council

Reepham College Council is made up of both Year 12 and Year 13 students, its purpose is to be a democratic body representing students in the College, acting as the staff/student interface, to organise student activities and to raise money for appropriate causes.

Duke of Edinburgh

The Duke of Edinburgh Award is a real adventure. Every section gives you something different - that's the fun of it! You'll enjoy loads of new experiences and discover talents you never thought you had. Achieving an Award will give you skills, confidence and a view on life that everyone is looking for, from employers to colleges and universities.

In addition it will significantly improve your chances of gaining either university places, apprenticeships or employment. The Work Experience placement is between **Monday 6th July and Friday 17th July 2020 and is compulsory for all Year 12 students**. Placements need to be self-generated so that you can ensure it is relevant and appropriate for your future career plans. In order for the necessary health & safety checks to be carried out, **the placement needs to be finalised before the Christmas holidays**.
