

Reepham College

Master Class sessions

2020

Reepham College are delighted to offer a series of Master Classes for Year 11 students in a selection of specialist areas (see reverse for full details).

These Master Classes will be delivered at the College, and if necessary sessions will be delivered virtually. All equipment will be provided for students to access the sessions.

Grow Enjoy Mature Engage Develop Learn Embrace Achieve

A Competitive Oxbridge Application 26th September 2020

Run by Cambridge University, you will learn about the admissions process, from personal statements to college choice, and tips for early preparation.

Creative Arts 3rd October 2020

Have you ever wondered how to produce a three colour lino print using a traditional Albion Press? Join us for a morning of exploration into the world of image making through print.

Significance of Psychology 10th October 2020

Explore specialist areas and find out how to become a chartered clinical /forensic psychologist. Learn what psychologists do on a day to day basis and try out some psychometrics!

A Career in Medicine 14th November 2020

Run by a practising doctor who has worked in medical course admissions, you will gain an understanding of what you need to do to get a place in one of the most prestigious professions around.

Techniques of Dissection 21st November 2020

Develop an understanding of anatomy. You will see organs and understand how they work within a single animal as we dissect a heart and lungs from a sheep and a complete dissection of a rat.
